Order Modifying Supervision dated December 19, 2019: Defendant shall enter into and complete an in-patient treatment program for a minimum of 30 days.

Supporting Evidence: On February 4, 2020, Mr. Alamine was terminated unsuccessfully from inpatient treatment at Pioneer Center East (PCE).

On December 19, 2019, a supervised release violation hearing was held. Mr. Alamine was ordered to enter into and complete an inpatient treatment program for a minimum of 30 days.

On December 30, 2019, Mr. Alamine entered into inpatient treatment at PCE. On January 24, 2020, the undersigned officer was contacted by staff at PCE, who stated Mr. Alamine was in need of additional inpatient treatment beyond 30 days, and requested if the U.S. Probation Office would be able to assist financially. That request was authorized and Mr. Alamine was given an additional 15 days of inpatient treatment.

On January 28, 2020, PCE staff contacted the undersigned officer advising that Mr. Alamine had been placed on a behavioral contract for getting into an altercation with another client at the facility, in addition to yelling and being disruptive toward staff.

On February, 4, 2020, the undersigned officer was contacted by staff at PCE who informed the undersigned that they will be terminating Mr. Alamine, unsuccessfully, due to his continued inappropriate behavior. Specifically, Mr. Alamine was caught using chewing tobacco, which is prohibited. When he was directed to empty his pockets, he refused and he was observed by staff swallowing the chewing tobacco. When confronted again, he continued to be defiant and deny the staff's claims that he was using chewing tobacco.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court, and that the Court issue a **warrant**.

I declare under penalty of perjury that the foregoing is true and correct.
